Louisville, Boone Way and the Mountains

Big Day in Mt. Vernon When Louisville Boosters Were Here

'Rah for Louisville
'Rah for Mt. Vernon.
'Rah for the Mountains.
It was a great day.
Dave Jackson was here.
So was John Wilms.
And many other good boosters.
We didn't meet them all.
But mixt with as many as possible.
Time was limited.

The rain was some damp but we got there just the same.
You cant drown, burn, bluff, discourage, dishearten, dispirit, deject, dissuade, deter, keep back, disfavor, discountenance, throw cold water upon, put a damper on, or cover with a wet blanket any old thing Mt. Vernon undertakes for she will accomplish, put thru or get anything she goes out after. And she 'aint quit goin' yet."

The Louisville Boosters train arrived here from the South at 5:30 p. m., 30 minutes late.

The Booster band playing Dixie old Kentucky Home, or Tipperary, 'one or the tother,' led the march to the court house just ahead of a rain storm.

Brodhead, Ottawa, Livingston, Wildie, Pine Hill, Hansford, Mareburg, Burr, Langford, Orlando, Withers, Level Green and nearly every point in the county had representatives here to welcome the boosters.

BANKERS, SIGNS AND FLAGS.

Among the various signs of greeting to the Louisville boosters was a large banner across corner Main and Richmond streets at Rockcastle Hotel: "Welcome Louisville Boosters to the Home of Boone Way." In a line sign on street in front of R. S. Jett's, Farmers Exchange: "Howdy,"

In same substance on street in front of M. J. Millers store and drug store of C. C. Davis and Dr. Owens' office: "The towns is yours." Banner at corner of Millers store and Dr. Chesnuts office over and across pavement: "Louisville day in Mt. Vernon." In line, three foot letters in front of Sutton & McBee's and Jonas McKenzie's stores, reaching half way across the street in an artistic design: "Welcome Boosters to the home of Boone Way." At Mt. Vernon Hotel was a banner across and over pavement: "Louisville day in Mt. Vernon." Next down the line was a big sign made in lime on street in front of J. Fish & Son's store: "Glad to see you—J. Fish." The name being represented by an outline of a big fish with a large letter J thereon. Just across the street in front of the store of U. G. Baker was the largest and longest lime sign, "You are welcome." The plate glass windows of C. C. Davis' drug store bore large chalked block letters. "Welcome to our city." "Louisville day." At the corner Main and Richmond streets were pasted 15 posters on pavement size 1 by 3 ft. on which was printed in box car letters: "Welcome Louisville Boosters." These 15 posters were put down in form of winding stair steps of "three, five and seven." Every business house, office and residence on Main street had their windows decorated with the big welcoming posters. Many of the buildings displayed American flags and bunting. One residence that of J. W. VanWinkle, had on exhibition flags of ten nations,

The design and work of getting up all these displays in printing, sign painting and lime sign creations, on the ground, were managed and turned out by that versatile and clever artist, James Pinkerton, one of the Signal force, who is always ready and willing to assist in pushing a good thing along. He has rendered much valuable assistance to our chief booster in getting Boone Way anchored on the map. David Craig also of the Signal office has given the movement some good pushes in his quiet way.

BADGES

We were about to overlook the ribbon badges, another creation of Mr. Pinkerton. They were of fine quality of ribbon, size 2x4 cut arrow shaped, with these words printed in red ink: "Welcome Louisville boosters to Mt. Vernon." Some 400 of these were worn by Rockcastle citizens and our visitors on to whom were the ribbons pinned by a bevy of pretty girls composed of Misses Bonnie Nicoley, Christine Davis.

GOLDEN KEY

The big "golden" key, to the town, which was presented to the Louisville visitors was made and given to our committee by Monroe Singleton.

Who said Dave Jackson wasn't along with the gang?

RAIN

The rain drove us to shelter but it didn't stop the proceedings or dampen the order and enthusiasm of visitors or homefolks.

Many compliments on Mt. Vernon were expressed by the visitors on her enterprise and push; giving us the credit of being the liveliest set in any town of the state. Fred Kreuger presented the lime used in making the "lime signs" along the streets. He turned the kiln over to the committee and put no limit on quantity to be used.

In making preparations for the visit of the Boosters, "everybody worked, including father," while some, of course, worked more than others, everything was harmonious and satisfactory.

FROM LOUISVILLE TIMES

The Louisville Times of last Saturday says: "Mt. Vernon, where President James Maret, of Boone Way; the Mt. Vernon Signal, the Mt. Vernon Commercial Club and others have done more than anybody else, any place, for Boone Way, gave Louisville one of the most enthusiastic receptions of the trip at the final stop yesterday. 'We love you Louisville,' were exact words of Atty. C. C. Williams, who delivered the address of welcome. Here was shown how far Louisville's investment of funds to finance the Boone Way campaign had gone to make it popular in Mt. Vernon."

COURIER JOURNAL

Saturday's Courier Journal had this to say: "It was close to 5 o'clock when the special reached Mt. Vernon for a ninety minutes stay. Mt. Vernon, the 'North Gate to the Cumberlands' was alive with the populace when the boosters paraded to the courthouse. 'Welcome banners,' others bearing the inscription 'Home of the Boone Way,' and flags were to be seen in every direction. The crowd narrowly escaped a drenching because of a down pour of rain just as the boosters entered the court house."

Judge L. W. Bethurum was chairman of the meeting. C. C. Williams delivered the welcome address, pleasing the Louisville men with the declaration that his section of the State felt it owed a debt of gratitude to Louisville because of the city's unselfish support of the rest of the State in road building matters. He recalled that the present road law was enacted thru the efforts of Louisville legislators. He pointed out that Louisville bore more than its share of the State taxes. In the Boone Highway movement, he said, Louisville was quick to take hold and push the project. He predicted greater prosperity for both Louisville and the mountain country as a result of the completion of Boone Way.

As an official representative of the Louisville municipal government, Pendleton Beakley spoke briefly. He brought out the point that the Boone Way belonged to Kentucky and therefore was a matter of paramount importance for Kentuckians. Mr. Head declared that Louisville was more interested in Boone Way than in the Dixie Highway. He invited the Mt. Vernon folks to buy in Louisville, where all the facilities were best pointing out that Louisville especially the Louisville Water Company gave preference to Kentucky coal sections in buying coal.

Included in the Mt. Vernon reception committee were W. H. Fish, Dr. P. H. Conover, V. C. Tate, James Maret, C. D. Sutton, E. S. Albright, E. R. Gentry, U. G. Baker and C. C. Davis. Officers of East Kentucky-Tennessee Dixie Highway Association present were W. J. Sparks, president James Maret, secretary and Fred L. Durham, treasurer. Young women and girls of the town pinned badges and flowers on the visitors.

EVENING POST

The Louisville Evening Post of Saturday 12th gives Mt. Vernon and her boosters the following write up: "The last stop of the trip, Mt. Vernon, county seat of Rockcastle county, proved one of the most enjoyable of the entire trip and a fitting finish."

There was genuine regard and heart felt enthusiasm shown by the people of Mt. Vernon. Rockcastle expressed a sentiment that is spreading all over the state. Louisville is largely responsible for the passage of the Bosworth good roads law thru the last legislature, making it possible for Kentucky, and particularly the mountain counties of the State, to catch step in road building with the other States of the union.

When the boosters got off the train at Mt. Vernon a hard shower blew up and lasted until they left town. But there was a lane of smiling faces, many of the most beautiful seen on the trip, and as the boosters marched up to the courthouse under direction of the reception committee, they walked over newly laid roadway, concrete evidence of the beginning of the

Boone Highway thru Mt. Vernon which will ultimately be a part of the Dixie Highway. Along the street James Pinkerton, of the Mt. Vernon Signal force, had formed in letters, three feet long (of lime) legends of welcome. The letters were remarkably artistic and attracted a great deal of attention. A large banner welcoming the boosters to the home of Boone highway was stretched across the main street.

THE HERALD

Unfortunately our copy of Saturday's Herald was "hagged" by some one. Its report of the reception at the "North Gate to the Cumberlands" was among the best made by any of the papers. The Herald has a warm place in the hearts of the mountaineers; it being the first Louisville paper to speak a kind word for our project when the Boone Way proposition was launched nearly three years ago and was sorely in need of sympathy and support. In one portion of the Herald's report of the boosters reception at Mt. Vernon occurs the following: "The reception of the Louisvillians, at Mt. Vernon, the last town visited overshadowed every previous triumph."

Mt. Vernon is proud of herself and who can blame her? There are yet great tasks to be met with and disposed of. Mt. Vernon and Rockcastle are capable

of tackling and carrying forward any issue that may arise, except war with Germany. We will have to leave that question with Woodrow.

Mt. Vernon sounds her trumpet often, loud and long and she always gets the goods.

The Woman's Club, of Mt. Vernon, always to the fore in pushing useful causes and enterprises, rendered valiant service on "boosters day". Miss Rose McCord, Mrs. T. J. Niceley, Mrs. L. W. Bethurum, Mrs. J. W. Brown, Mrs. A. B. Furnish, Mrs. W. J. Sparks, Mrs. G. M. Ballard, Miss Maggie Hansel and other members whose names we failed to get, were energetic in their efforts to see that their organization did a good part toward the success of "Louisville day in Mt. Vernon." They succeeded.

Welcome Address by Atty C. C. Williams.

"It is said that 'gratitude' is the fairest flower that ever grew in the Garden of the Human Heart. If this be true, and true it is, the Mountains of Kentucky should feel grateful to Louisville, the grandest city of the Old Commonwealth."

"You, from the Metropolis of our State, have, for years, had splendid roads, and magnificent met with and disposed of. Mt. Vernon and Rockcastle are capable

state or nation, and built as fine a system of highways as can be found south of Mason & Dixon's Line. After thus building for yourselves, there came a voice from the heart of the Mountains appealing to you for help. We asked you to vote for the Bosworth Good Roads Bill. You turned not to us the deaf ear. If you had been selfish, you would have said: "We coined into roads our own muscle, sweat and gold. Go thou, and do likewise." This, you did not say-but asked your representatives in the Legislature to pull off their coats, roll up their sleeves and, with might and main, work for this measure. They voted for it unanimously, and made possible the dawn of the glorious era of Good Roads Building in Eastern Kentucky. When this statute became a part of our organic law, Louisville organized The Kentucky Good Roads Association, and paid the larger part of the expenses in sending speakers over the state to instruct the people on this most important subject. The Louisville Press spoke in words that breathed and carried conviction to the minds of men.

"A citizen of Louisville, Col. Bennett H. Young, contributed the first dollar, outside of our own Commercial Club, to The Boone Way Booster Band, of Mt. Vernon."

Flippin Incompetent

[Paid Advertisement.]

Mr. Flippin, who is seeking the
Republican nomination for Com-
monwealth's Attorney, has lived
in Somerset six years, and has not
for that long period of time exam-
ined a witness nor made a speech
to a jury in the Circuit Court in
either a civil or criminal case, and
we are informed on reliable author-
ity that while he was County At-
torney in Wayne county, that he
never made but one speech to a
jury in the prosecution of a crim-
inal case in the Circuit Court in
that county, and it is said that he
was so disappointed with his effort
in that case that he has never at-
tempted to make another; in
twelve years made but one spee h
to a jury in the Circuit Courts of
this Judicial District, and that
was in the case above mentioned.

The fact that he has not con-
ducted the trial of a single case
nor made a speech to a jury in
either a civil or a criminal case is
the best evidence that can be pro-
duced, that he is incompetent fill
the high and important office of
Commonwealth's Attorney in this
Judicial District.

On the other hand his opponent
Judge M. I. Jarvis, has demon-
strated that he is a lawyer of great
ability and one of best prosecuting
attorneys in the State, and has
procured more convictions in
criminal cases than any of his
predecessors, and during his term
of office has secured the death
penalty in two cases, which breaks
the record of any other Common-
wealth's Attorney, and having
served on term in this office has
brought to him an experience
that is valuable and necessary to
the efficient conduct of the office.
We can testify that Judge Jarvis
since he has been Commonwealth's
Attorney has stood at the risk of
his own life, like a stone wall be-
tween the criminals and the good
law-abiding citizens of this town,
and has made life and property
safer than it had previously been,
by his vigorous prosecutions.

That Judge Jarvis will be re-
nominated and elected is an assur-
ed fact. The people prefer com-
petency and efficiency, rather than
incompetency and inefficiency.

KENTUCKY TAXPAYERS, WHICH DO YOU WANT?

WEST VIRGINIA

State Wide Prohibition
Paralyzes the
State.

Higher Taxes—Worse Conditions.

The West Virginia Legislature con-
vened in May, the second time this
year, to consider tax questions made
necessary by a shortage of revenues to
pay the current expenses of the
State.

The inauguration of State-wide pro-
hibition, last July, cut off \$660,000.00
of revenues heretofore available.

At the close of the fiscal year, Sep-
tember 30, 1912, the State had a sur-
plus in the treasury of \$592,475.39.

The Governor estimated that on July 1,
1915, there would be a deficit of
\$624,000.00, not counting \$850,000.00 of
old appropriations not expended.

The Legislature, at the May special
session, increased the tax rate in the
State 40 per cent to make up the de-
ficit in revenues caused by the State-
wide prohibition system.

For lack of funds, Governor Hatfield
vetoed appropriation bills amounting
to \$358,608.09. Among the vetoed ap-
propriations are the following:

Transportation of prisoners and
extradition of criminals, \$6,000.00 a
year;

Girls' dormitories and agricultural
buildings, State University, \$100,-
000.00.

State Industrial Home for Girls
(buildings and lands), \$10,000.00 for
next year;

Normal Schools (buildings and
land), \$80,000.00 a year;

State Tuberculosis Sanitarium
(buildings and land), \$15,000.00 a
year;

State hospitals (buildings and land),
\$35,000.00 a year;

Public Service Commission, \$60,-
000.00 a year;

Mining extension work, State Uni-
versity, \$10,000.00 a year;

Civil contingent fund, \$20,000.00 for
current year;

Rewriting and rebinding Auditor's
records, \$5,000.00 a year;

Protection of forests and propaga-
tion of fish and game, \$10,000.00 a
year;

Prevention foot and mouth disease,
\$5,000.00;

State militia fund, \$65,000.00 a
year;

Repairs and improvements, State
institutions, \$5,000.00;

Hotel Inspector, \$1,562.50;

State Colored Orphans Home
(buildings and land), \$3,000.00 a
year;

State Librarian, \$500.00 a year;

Point Pleasant monument, \$2,500.00
a year;

King's Daughters and city hospitals,
\$10,000.00 a year;

Factory inspectors, \$4,000.00 a
year.

Since the adoption of prohibition,
violations of the liquor laws have in-
creased enormously. Bootleggers are
busy all over the State. On the first
day of May, 1914, before prohibition
went into effect, there were 39 pri-
soners in the county jail at Charleston,
the capital of the State. On the first
day of May, 1915, there were 92 pri-
soners in the same jail.

Kentucky Facts and Figures.

WHO PAYS THE TAXES?

All live stock of all kinds in Kentucky—horses,
mules, cattle, hogs, sheep, etc., are assessed
at \$52,148,637.00

All mines and mineral products are assessed at 1,473,658.00

All stocks, merchandise, etc., are assessed at 31,148,282.00

All manufactured articles are assessed at 3,364,419.00

All agricultural products and farming implements
(tools) are assessed at 2,514,349.00

All diamonds, watches, clocks, jewelry, gold and
silverware, paintings, musical instruments,
and libraries are assessed at 12,902,135.00

\$31,287,000.00 is the capitalization of Kentucky distilleries and
breweries, according to the last Federal Census.

\$42,493,560.00 is the assessed value of Whisky in U. S. Bonded
Warehouses, in Kentucky, on which State and
county taxes are paid.

\$19,250,000.00 is the assessed value (approximately) of prop-
erties used in the distilling and brewing industries
and liquor trade in Kentucky, not including any
part of items given above.

\$6,500,000.00 is the amount paid out annually in Kentucky by
distilleries for grain.

\$2,290,000.00 is paid annually for wages and salaries by Ken-
tucky distilleries and breweries.

\$2,405,000.00 is paid annually for coal and barrels by Ken-
tucky distilleries and breweries.

\$600,000.00 annually is paid to Kentucky Banks in interest
to \$900,000.00 by Kentucky distilleries and breweries.

\$60,000,000.00 annually is brought into Kentucky in bank clear-
ances by the distilling and brewing industries.

\$921,254.15 is the amount paid in taxes in Kentucky by the
distilling and brewing industries in 1913, as given
by statements from the State Auditor's office.

This sum is more than the combined taxes paid on all the
merchandise, coal mines, oil wells, live stock, agricultural prod-
ucts, and manufactured products in the State.

State-wide prohibition will destroy entirely, for taxation
purposes, these sources of revenue. Other property must then
be taxed heavier to make up that loss.

If Farm Lands are compelled to pay it, the tax
on farms must be 50 per cent more than at
present.

If Live Stock is made to pay it, that class of
property must be taxed three times what it is
at present.

If Railroads are to pay it, their assessment
must be doubled.

If Mining Property is required to pay it, their
assessment must be increased to more than 100
times what it is now.

WHO IS WILLING TO PAY THESE EXTRA TAXES?

And what will we get? Conditions similar to those in Ten-
nessee and West Virginia, and we will drive out of the State our
largest taxpaying industries.

Nothing will be gained for temperance. Counties can vote
themselves as "dry" under the present law as State-wide prohi-
bition could make them.

TENNESSEE

Six Years of State Wide
Prohibition Bank-
rupts State.

More Crime Than Ever Before.

Tennessee has had State-wide pro-
hibition for six years.

Before the prohibition law went into
effect, 10 per cent of the revenues of
the State were applied to paying off
the State debt, as provided by law,
thereby rapidly discharging it. Since
prohibition deprived the State of large
revenues from taxes on the manu-
facturers of liquors and beer, the sinking
fund law was suspended, and payments
on the State debts stopped.

The present Legislature found that
there was a deficit in State revenues
of \$1,022,000.00. Short-time notes have
been given to cover that deficit, the
same to be converted into 30-year
bonds next July. This will increase
the bonded indebtedness of the State
to a total of \$12,500,000.00.

Taxes have been largely increased.
The State Manufacturers' Association,
in 1914, stated in its report on Taxa-
tion:

"There is a tendency throughout
the State to increase taxes on an
already overburdened people, both
by constant increase of the assess-
ment as well as the rate."

Since that report was made, the
Legislature has passed a new Revenue
and Assessment Act, increasing many
kinds of taxes from 40 to 100 per cent,
the entire tax burden being nearly
twice what it was before prohibition
went into effect.

In 1908, the year before State-wide
prohibition was adopted, the cost of
criminal prosecutions in Tennessee
was \$158,000.00. According to official
figures submitted to the Legislature
that has just adjourned, \$342,000.00
was expended for criminal prosecu-
tions last year. This shows an in-
crease of nearly 100 per cent in crime
in six years under prohibition.

The city of Nashville recently issued
bonds for \$987,000.00 to cover a deficit
caused largely by the operation of the
prohibition law. The other large cities
of the State are in a similar financial
condition, due to the same causes.

In Tennessee, prohibition has not
helped the taxpayer, nor has it im-
proved moral conditions. Exactly the
reverse has been the result. Large
numbers of extra officeholders, and
greatly increased expenses for their
support and for prosecuting violations
of the law, are the main features of
present conditions.

Blind tigers, bootleggers and moon-
shining have taken the place of law-
ful, regulated liquor traffic; there has
been a steady increase in all crimes;
moral standards have been lowered;
and TAXES HAVE DOUBLED.

HON. J. L. WHITEHEAD BOOSTS WILLIAMSBURG. While the whole country is boiling over with enthusiasm for good roads in general, and the Boone Way and the Dixie Highway in particular, the writer wants people to know that Williamsburg is exactly in the center of the situation, and that it is a growing town. There was a time not long ago when this town had only one hand-saw, two hammers, a post-hole digger and a wheel barrow. Now, in addition to all the modern and public utilities, Williamsburg has seventeen automobiles and two undertakers' establishments. "Come on with the good roads" is the popular cry. Our county surveyor, H. F. Davis and his assistant, R. M. Powers are now surveying from Jellico to Williamsburg, and work will begin on this line in about one month. Campbell county, Tenn., has issued bonds for \$150,000 and will connect Jellico with Knoxville. So this will be the shortest line connecting the North and South, and will be traveled most, no matter where the Dixie Highway goes. Meet us at Corbin, Come to Williamsburg.

Highways Routed

Three lines of pikes for Rockcastle have been located by the Fiscal Court. The London road goes via Pine Hill to Livingston. The Crab Orchard road is routed over the old roadbed out as far as fair grounds where it swerves going via Maretburg on into Brodhead, entering that place near the fair grounds thence over old Wilderness road on to Lincoln border where that county will meet us with a turnpike from Crab Orchard. Boone Way is routed over these roads from Livingston to Lincoln line. The Richmond road follows the old route as far as the crossing of Roundstone creek, one mile North of Wildie, diverges from the present Richmond road passing thru Scaffold Cane on to Madison border, four miles East of Boones Gap there to be met by Madison county with a newly constructed turnpike. The Somerset line has not been routed. Engineers are now at work on Richmond route.

Louisville Boosters

[Continued from First Page]

non; and, by the skilled hand and prophetic mind of our own original booster, James Maret, who saw the light when we saw but darkness, Boone Way was put upon the map. But for that promethean flame that burned in your breasts, these good things could not have come to us. Yes, we are grateful to you. All hail to Louisville, and blessed be thy name forever.

"We owe much to Maret, Bosworth and Sparks, but more to Louisville, for it takes money to build roads. Louisville will put into the State Road Fund each year, under this law you helped to make, about \$120,000.00, while it will draw out only about \$12,000.00, or, in other words, Louisville will give to the less favored sections of the state, over \$100,000.00 to build roads and highways. Is this not something for which we should be thankful?

"It is true that sometimes in the past-but it will not happen again-your press has seen the mote in the eye of the mountaineer, while perfectly oblivious to the beams that filled the eye of those who dwelled within your castle walls; yet, 'With all your faults we love you still'.

"And here's hoping, and devoutly wishing, that the Mountains of Kentucky and the City by the Falls, will be forever united by the golden chain of friendship, forged and fashioned by the silver hammer of association. And when we build the Boone Way, we will all come down to see you.

"Louisville Boosters, we'd you welcome, thrice welcome are you. The gates of our little city are open to you; the latch strings are hanging upon the outside. Go where you will, wonder where you may, you are our welcome guests today. And, now, we wish to present to you, the golden key of our city. There is not a home or a heart in Rockcastle County that will not unlock."

I want the paper for a pointer to a method of getting the thing I go after. It sure contains the goat galter. Luck to you. As ever a friend to Mt. Vernon and her progressive lights.

"WET OR DRY?"

Fellow Citizens of Kentucky:

To citizens of Rockcastle county especially, do I address myself. The old men of the county and the young ones, too, know of the old game of toss-up—"Wet or Dry".

The two words thus associated mean now, Temperance or Intemperance, License or no license, Law abiding or disregard for law. These are involved in every phase of American politics immediately or remotely.

The people are "lined up", so to speak, conscientiously or without knowing it on one side or the other.

We cannot make it broader—we wish we could leave a place for neutrals, but we can't, so "Wet or Dry" it is. "Wet or Dry" is at one end or the other, on the one side or the other and the question resolves itself into a battle of ballots as to which is on top.

Good citizens, law abiding men church members will be found in both ranks.

Some of those unfortunately have committed themselves to the fortunes of their party, and will stick to it, tho the heavens fall.

There is but little hope of convincing any one whose mind is not open to sound agreement and sane reasoning.

A certain slogan "prohibition don't prohibit" has been sounded in the ears of the people till honest souls have accepted it as God's truth. Just as "Now I lay me down to sleep" etc. will pass for the Lord's prayer with many but back to our little game.

The chief and paramount issue is "Wet or Dry". The people living in dry territory are compelled in self defense to push the fight on broader ground than ever before. The people who engage in the business of making and selling liquor do not acknowledge the right of the people to pass laws forbidding or prohibiting the manufacture and sale of it, therefore do not feel bound to respect such law, whether it is a voting precinct, a municipality, a county or a state. We have evidence of it every where. Two Grandjurymen in Louisville swore they would not indict any one for selling liquor or gambling.

We find it is true in Police courts, and in any court where it is unlawful to sell liquor.

We make these statements fearlessly, and defy successful contradiction of any statement made.

Wish to add another "blanket" statement that covers the whole field. If making and selling liquor is bad in Mt. Vernon it is bad for the Graded School District.

It is bad for graded school district it is bad for magisterial district in the county.

If it is bad for any one of these it is bad for the whole county and the same is true for every other county in the State which leads by an easy clime to state-wide phase. The County Unit is all right as a "starter". It is so much ground partially won, but next winter the advocates of County Unit will repeal it if they can. County unit cannot prohibit the manufacture of liquor and never can. As an act of Legislature it can be and is liable to be repealed at any biennial session of the same. Space and other limitations forbid the further discussion of "Wet and Dry", Statewide or County-wide only.

In conclusion we invite a denial of any statement herein made and will meet in a spirit of brotherly love, toward any one, black or white, rich or poor and will thank any one in advance that will show me wherein my judgment is at fault.

Very truly yours,

J. W. VANWINKLE.

Prominent People Now Taking Tanlac

Men and Womeo From All Walks of Life Benefitted by the Remedy

Louisville, Ky. 6-18-15.
E. G. Isaacs, president of the Taylor Isaacs Drug Co. Louisville, says:

"The demand for Tanlac has agreeably surprised us. While we knew Mr. Cooper and were aware of the success his preparation had achieved in other cities of the country, yet we entertained no idea that the medicine would become so popular in such a short space of time in Louisville.

"Judging from the repeat sales and the expression of satisfaction from those who have actually tested Tanlac and who state that they have benefitted by the preparation Tanlac must therefore be something of unusual merit.

"The class of people who are buying Tanlac are among the best in the city, people who are able to judge impartially and who carry weight with their statements.

"Within a comparatively short space of time we have sold several thousand dollars worth of Tanlac. When it is considered that the demand is confined to one preparation, the sale is to be considered unprecedented. If fact, is the biggest thing of the kind ever seen at our stores."

Tanlat, the premier preparation, is now on sale in Mt. Vernon at the Drug Store of Chas. C. Davis, and can also be obtained in Livingston at the Central Drug Co's. store or in Brodhead at John Robin's drug store.

An equal division of Kentucky's wealth of all sorts would give \$97 to each man, woman and child in the State, of which \$927 is taxable and \$50 exempt. The total value of all property in Kentucky is \$2,267,777,526. Indiana has a total property value of \$5,184,682,500 or \$1,894 for each man, woman and child and Tennessee shows a wealth of \$1,920,249,261 or \$864 for every person. These and other statistics of wealth, debt and taxation were made public by the United States Census Bureau, based on the 1912 return.

Flippin And The "Grafters".

[Paid Advertisement]

Mr. W. N. Flippin at the 1914 session of the Kentucky Legislature voted to double the salary of the Seaagent-at-Arms and the two Clerks of the House.

For many years these three officers received \$5.00 per day each, which was ample compensation for the services rendered, but they desired more graft from the already overburdened taxpayers of the State, and asked for \$10 per day each, and Mr. Flippin who was elected to protect the people from such grafters joins hands with them and helps them by his vote to plunder and rob the taxpayers of the snug little sum of \$350 each for one session of the Kentucky Legislature, making a grand total of \$1,050, which was taken from the pockets of the people with the aid of Mr. Flippin's vote, and wrongfully transferred to the pockets of three Democratic officers; and this same Mr. Flippin is now asking the Republicans of this Judicial District to nominate him for the office of Commonwealth's Attorney, but he failed to protect the people by his votes in the Kentucky Legislature when it was his duty to do so and they are now unwilling to trust him further. (See House Journal No. 2, P. 1784-5)

P. S. At the end of the same session he helped to vote an additional graft of \$250 to the Chief Clerk of the House, making the

total graft for the three officers \$1300. (See House Journal No. 2 P. 24-25).—Somerset Herald.

Farmers are getting badly behind with their work. The wet weather continues and the weeds will grow. There are more acres of corn being cultivated in this part than ever was known before. Gardens look well especially potatoes.—Died on the 30th of May Aunt Ann Miller, aged 67 years. She was the wife of uncle Tom Miller. Mrs. Miller had been n very poor health for several years. She leaves a husband, two sons, and four daughters to mourn her loss.—Mrs. Mason Anglin died very suddenly, May 22nd. She seemed to be in very good health up until a few hours before her death. A physician was called but death came before the doctor arrived. Mrs. Anglin was a sister of Tack Langford. She leaves a husband, one son and two daughters and several grand children to mourn her loss.—Born to the wife of Mr. Alfred Hurley, on May 29 a fine boy.—Thurmon Richmond and Addie Croucher were quietly married May 27th at the residence of Sherman Chasteen. Their many friends join in wishing them a long and happy life.—Mrs. F. P. Miller is very sick at this writing; with pneumonia.—W. H. They were entertained at Boone Tavern and report a very enthusiastic meeting.—Mr and Mrs. Elijah Abney visited relatives on Brush Creek Saturday and Sunday.—The Trustees of Educational Division No. 6 met at Disputanta school house June 5th. Jones, Hickory Valley; Francis Wyatt, Davis Branch; Sherman Chasteen Climax; John Dooley, Boiling Springs; Mattie Thacker, Crews Ridge; Bernice Alcorn, Cedar Springs.—Everybody in this part is wanting the pike to go by "paps" gate, but I am sure we can't all get it that way, so lets try to be submissive to whatever the authorities decide upon.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give
